

Product Life Cycle Announcement

01/25/2017

With the release of this announcement, Fortinet is notifying partners of the company's intent to discontinue the sale of the following products. Fortinet recommends the following migration path for the products being discontinued:

Current SKU	Description	Replacement SKU	Description
FAP-320B	Dual Band - Dual radio controller based thin access point with internal antennas- 3x3 MIMO triple stream supports 450Mbps on each radio (one at 2.4Ghz and one at 5Ghz) Dual redundant PoE powered.	FAP-320C	FAP-320C is Dual Band - Dual radio controller based 802.11ac thin access point with internal antennas -- 3x3 MIMO triple stream 1300Mbps on radio 1 and and 600Mbps on radio2 Dual redundant PoE powered and plenum rated.

Per the terms of the Fortinet Life Cycle Policy, Fortinet will continue to provide hardware support services for a minimum of twelve (12) months from the End of Order (EOO) milestone. The EOO milestone for a given product represents the last date that Fortinet will accept new orders for fulfillment, providing there is inventory available to fulfill the order. RMA/Replacements after the EOO milestone may include "like-for-like replacements" or an "enhanced replacement". In the case of enhanced replacement, changes to the customer's network or upgrade to a currently supported software release may be required.

Product Life Cycle Milestones	
End of Orders (EOO)	25Apr2017
Last date to purchase new maintenance contract	25Apr2017
Last date to extend an existing maintenance contract	25Apr2021
Product support expires	25Apr2022

Additional information about the Fortinet life cycle policy can be found in the Fortinet Life Cycle Policy document, found in the Fortinet Support Portal at: <http://support.fortinet.com/>.
